About Porton:

PORTON is founded on the firm belief that everyone, irrespective of race or geographical boundaries deserves access to a timely and affordable medical opinion on critical health diagnoses or a treatment plan. In fulfilling this belief, we view ourselves as partners with patients, physicians, caregivers, our employees, our community and our environment. We aim to become a regionally recognized brand, capitalizing on the ubiquitous nature of the Internet and associated technologies and the support of abounding talent. Our goal is moderate growth, annual profitability and an enduring sense of humor.

Additional Information:

We provide a Virtual Medical Platform providing Services for Providers seeking to start or expand their Tele-health capabilities and Patients who have been diagnosed with a critical illness or want to validate a treatment plan.

These patients can access a certified medical specialist in a timely [real time - video and voice] and affordable way ensuring peace of mind and reduced risks such as, wrong diagnoses, infections as a result of hospitalization, unnecessary procedures and travel. Our patients are located in geographically challenged areas with limited access to specialist care. We also offer a culturally sensitive experience and in certain cases, language options.

Our services allow caregivers in diaspora the options to provide quality healthcare to their loved ones at home.

Physicians have the options to volunteer their services and/or generate some extra income for their social causes and goals.

Our Hiring Motto

We hire the right attitude, intensity and passion; skills can be learned at any time.
